

2018-2019

"It was character that got us out of bed, commitment that moved us into action, and discipline that enabled us to follow through." - Zig Ziglar

Lighthouse Nation,

As we embark on a new school year at Safe Harbor Academy, I know your expectations are as high as ours. Our faculty has worked throughout the summer to ensure that our students receive an exceptional educational experience. As the world continues to raise the standards for middle and postsecondary success, public education must do the same. Safe Harbor Academy in partnership with young adults, families, and the community will prepare all students to strive for excellence through rigorous instruction and support to become college, career, and life ready citizens.

This year we are implementing a Discovery program whereby students and staff will collaboratively work to learn and demonstrate the following social skills:

- Effective Groups
- Anger Management
- Transactional Analysis
- Assertiveness Training
- Problem Solving
- Conflict Resolution

SHA will foster a culture of TRUST and achievement that will enable students to reach their highest potential:

Staff and Students will promote

- **Take Ownership**
- **Respect Self, Others, and Property**
- **Understanding and Accountability**
- **Showing Integrity**
- **Trust**

We hope that you will partner with us as we live a growth mindset where all are expected to grow through continuous improvement. Thank you for supporting Safe Harbor Academy, and please continue to do so! Please feel free to reach out to me via any method in the signature below. And follow us on Twitter at [Safe Harbor News](#) to keep up with the day to day of Safe Harbor Academy.

Best,
B. Logan Culbertson
